I have also looked into the historical questions you raised and am pleased to inform you that the information you desire on the OSS' Asian operations is already in print. Cave-Brown, in his annotation of the declassified War Reports, eliminated much that it contained. Another publisher, however, has reproduced the entire declassified report in two volumes: War Report of the OSS, and The Overseas Targets: War Report of the OSS - Vol II, 1976, New York: Walker & Co. The second volume devotes quite a large section to the Far East. Each of the volumes has a new introduction by Kermit Roosevelt.

I hope this will be of assistance.

Sincerely,
